Table 1

Q1. How strongly do you agree or disagree with the following statements?**Summary table****Base: All respondents**

		I don't really understand what the R Rate is	I think the UK Government is handling the Coronavirus well	If a new vaccine was available to combat COVID-19, one which was approved in record time, I would be willing to take it	During COVID-19 restrictions I would also have travelled 260 miles to my parents if I had felt the welfare of my children was at risk	I think that the spread of the virus in the UK is now under control	Once schools have been open again for 2 weeks it will be easier to judge whether I would be prepared to allow my children/grand children to return to work	I think the Prime Minister is showing leadership during this crisis	I think the Labour leader Keir Starmer is showing leadership during this crisis	I think a new COVID-19 vaccine would be important for people to have	I think a new COVID-19 vaccine would be safe for people to have
