

Covid-19 Poll

ONLINE Fieldwork: 9th - 10th September 2020

Absolutes/col percents

Table 1
Q1. How strongly do you agree or disagree with the following statements?
Summary
Base: All respondents

		Statements							
		For the most part I am still practising social distancing from all friends and family outside my household/ bubble	I think the UK Government is handling the Coronavirus well	If a new Coronavirus (COVID-19) vaccine became publicly available and was deemed safe and effective, I would be willing to be vaccinated	Gathering with friends and family outside my household is no longer a risk to my health	I think that the spread of the virus in the UK is now under control	With the recent rise in cases I am also washing my hands more and following social distancing guidelines more closely	Its important to control the Coronavirus even if it means damaging the economy	I am worried about a second wave of the Coronavirus hitting the UK hard
